MOUNTING DETAIL

RK-105I

REMOTE INDICATION ASSEMBLY

Manuals and additional information available at www.startco.ca

The RK-105I is a Remote Indication Assembly for the SE-105 Ground-Fault Ground-Check Monitor. Indication LED's and terminal blocks are internally connected as shown below.

Terminal markings on the RK-105I correspond to terminal markings on the SE-105. See SE-105 manual. Mounting screws, locknuts, and drilling template are supplied with the RK-105I.
