

RK-325

REMOTE INDICATION-AND-RESET ASSEMBLY

Manuals and additional information available at www.startco.ca

The RK-325 is a Remote Indication-and-Reset Assembly for the SE-325 Neutral-Grounding-Resistor Monitor. Indication LED's, reset switch, and terminal blocks are internally connected as shown below.

Terminal markings on the RK-325 correspond to terminal markings on the SE-325. See SE-325 manual. Mounting screws, locknuts, and drilling template are supplied with the RK-325.
